MADISON DEMOCRATS NAME DELEGATES

Miss Laura Clay Goes On Delegation To State Convention Fields Speaks

Madison county democrats named delegates to the state platform convention at a mass convention held at the court house at 2 o'clock Saturday afternoon. Among the prominent democrats named to attend the state convention, is Miss Laura Clay who is the best known equal suffrage advocate in Kentucky. Miss Clay recently withdrew from the Kentucky Equal Rights Association, however, as she favors the submission of equal suffrage amendment to the voters of each state, instead of forcing it upon states by federal amendment.

This is believed to be the first time in the history of the state that a woman has been a delegate to a political convention.

A stirring address by Congressman W. J. Fields, of the Ninth district, was a feature of the convention. Mr. Fields said that the eyes of the nation will be upon the 8th district in the election this fall. He urges every democrat to do his duty and vote for the splendid ticket headed by Gov. Black.

County Chairman R. B. Terrill called the convention to order promptly at 2 o'clock. Hon. C. L. Seary was elected chairman of the convention and S. M. Sausley secretary. Upon motion of Hon. W. B. Smith, Chairman Seary named a Committee on Resolutions composed of Messrs. W. B. Smith, W. R. Shackelford, H. C. Rice, H. H. Colyer and Cabell Chenault.

The committee reported the following resolutions, which were adopted by unanimous vote, after which the convention adjourned:

The Resolutions

We, the Democrats of Madison county in convention assembled, do resolve:

First, we approve the call of the Democratic State Central Executive committee for the convention to be held in Louisville, Kentucky, September 4th, 1919.

Second, We most heartily endorse the candidates for the state offices nominated in the late Democratic state primary and urge all democrats and such other citizens who desire the best welfare and prosperity of the commonwealth to use all proper means to secure their election in November.

Third, The following named persons together with all other good democrats who desire to attend the convention, are hereby appointed delegates thereto, and are instructed to cast the vote of Madison county as a unit on all questions which may come before the convention, and to vote for a platform endorsing true Democratic principles:

W. B. Smith, W. R. Shackelford, J. A. Sullivan, Alex. Black, Miss Laura Clay, R. B. Terrill, T. H. Collins, H. C. Rice, Harvey Chenault, John Noland, Samuel Black, David Jackson, H. H. Colyer, S. M. ATTORNEY SHOOTS AT LOUISVILLE JUDGE

(By Associated Press) Louisville, Aug. 30—During an argument over a point in a case before him in open court here today, Judge Harry W. Robinson, of the criminal court, was shot in the shoulder by an irate attorney who was seized by court attaches and identified, according to their statement, as Frank Douglas, a member of the law firm of Douglas & Douglas of Louisville. Bystanders assert had the judge not ducked he would have been shot in the head.

Douglas resides in New Albany on the Ohio river opposite Louisville. It developed that Douglas received \$100 from a client which he claimed as a retainer; the client claimed for another purpose. Asked by the judge to produce proof that he was entitled to keep it, Douglas exclaimed, "here's your evidence," and produced a weapon and fired. He claimed the court insulted him.

CARMACK'S SLAYER SHOT TO DEATH

Robin Cooper Murdered At Nashville—Married Milton H. Smith's Daughter

(By Associated Press) Nashville, Tenn., August 30—Bearing bullet wounds and other marks of violence, the body of Robin J. Cooper, a Nashville attorney, who, after a sensational trial, was acquitted of the murder of former United States Senator Edward W. Carmack in 1908, was found in a creek near here today.

Cooper had been missing since Thursday. His body was discovered 100 yards from a bridge where his deserted, blood-spattered automobile was found early today.

The police learned that an automobile stopped at the Cooper home in Belle Meade Park, a suburb, Thursday night, the occupant seeking a fresh supply of gasoline. Cooper got out of his own car and accompanied the man to a garage. He had not been seen since.

Examination of the body showed that Cooper was shot through the head; also bruise on the forehead. The condition of the clothing indicated the body had been dragged some distance. Neighbors told the police that Cooper drew \$10,000 from a local bank several days ago. It is supposed the murderer was aware of that fact and enticed him from home on the supposition he had money on his person.

Mrs. Cooper has been visiting the home of her father, Milton H. Smith, president of the Louisville and Nashville railroad, in Louisville, Ky.

DR. OWSLEY HELD TO FEDERAL GRAND JURY

Glasgow, Ky., Aug. 30—Dr. William Fayette Owsley, Burkesville, one of the best-known physicians of Cumberland county and examining physician of Cumberland County Selective Service Board, was held to answer before a Federal grand jury on charges of bribery preferred by R. P. Hobson, United States Department of Justice.

Dr. Owsley declined to combat the testimony and was held in \$1,000 bond by United States Commissioner W. S. Smith.

Four charges against Dr. Owsley were laid before Commissioner Smith and each accuse Dr. Owsley of accepting money to use his vote and influence to exempt registrants from Cumberland county from military duty.

One of the allegations was that Dr. Owsley accepted \$150 from A. G. Russell, father of Russell Murphy, and placed Murphy in class 5.

Deferred classification, according to the charges, was obtained for W. C. Stearns, Sallie Baker and Jack Parrish, each of whom paid Dr. Owsley, Special Agent Hobson testified.

The elder Russell, Stearns, Baker and Parrish each substantiated the accusations in large measure.

CITY SCHOOLS TO OPEN TUESDAY

Madison Institute Buildings Not Quite Ready For High School But Other Details Ready

The Richmond city schools will open Tuesday morning, September 2nd, at 8:30 o'clock. It has been customary for the schools to begin on the first Tuesday in September because the first Monday is a legal holiday and also County Court Day and the merchants are too busy to fill orders for school books.

There will be a faculty meeting at the Caldwell school at 9 o'clock Monday morning and all teachers are requested to be present. The first week of school is organization week and because of this fact one of the most important of the whole year. "Well begun is half done."

The Madison High School property will not be ready to receive high school pupils on Tuesday. The high school will start in the Caldwell school building and will hold sessions there until the new high school quarters at the old Madison Institute are in good shape. Work on the building is going on nicely but it will be at least two weeks before the property will be in such shape as to accommodate students.

The Caldwell building is ready for the going. Supplies have been received and are on the way. The teachers are arriving from vacations spent at school and elsewhere. Miss Ruth Haynes, the new seventh grade teacher, arrived from her home in Butler county today. Mr. R. S. Tandy, the athletic coach at the high school, and the teacher of mathematics and science, arrived Friday. The prospects are bright for a successful school year.

Supt. John Howard Payne has taken hold of the reins in a way which has impressed everyone with whom he has come in contact. He is a "live wire" and full of energy and enthusiasm in his work. Prospects are very bright for the most successful term under his regime.

CRACK DIVISION ARRIVES HOME

New York, Aug. 30—Nearly 1800 officers and men of the First division, the first members of that unit to return home after more than two years service overseas, arrived today from France. They included Major General McGlavin, Junior Commander of the division and his staff detachment of the 28th infantry and the first engineer.

Washington, Aug. 30—The First division, First units of which returned home today from Germany, is justly proud of its claim as being "first division" in France; first in a fighting sector; first to fire a shot at the Germans; first to attack; first to conduct a raid; first to be raided; first to capture prisoners; first to inflict casualties; first to suffer casualties; first to be cited singly in general orders; first in the number of division, corps and army commanders and general staff officers produced from its personnel.

Hines' Threat Does The Work

Los Angeles, Aug. 30—Practically all striking steam railroad men returned to work today after a threat from the Railroad Administration that unless the strike was called off it would operate the lines.

PERSHING CENSURED BY CONGRESSMEN

For Refusing To Testify Before Investigating Committee of 3 In France Recently

(By Associated Press) Paris, Aug. 30—General Pershing refused to testify before a Congressional subcommittee of three investigating War Department expenditures in France. Two members issued a statement regretting the conflict between the military and civil authorities. Representative Johnson, the third member, also issued a statement, calling the General's action an example of the "indifference and contempt" the War Department has shown during the entire war toward the people's wishes.

General Pershing when shown the statements, said he found it impossible on the last day of his stay in France to comply with the request, as all his records had been shipped to the United States.

WIFE IS WORKING TOBACCO CROP

Trying Hard To Save It So Judge Price Suspends Rest of Jones' Jail Sentence

Gardner Jones, of Clark county, who "got in bad" in county court in his case growing out of the taking of little Maggie Stone from the Black school house about a month ago, was released from jail Saturday morning by County Judge Price in order that the young man may look after his tobacco. Jones had served 15 days of his 50-day jail sentence, and had paid the fine of \$100 which was assessed against him by a jury. He is still under the \$500 peace bond asked by the girl's mother, Mrs. Wm. Stone.

Hub Stevens, on whose farm Jones lives, came over with his father, and presented the case before the Judge in a light which the Judge thought justified a degree of clemency in the matter. He said that his large crop of tobacco is going to waste, notwithstanding the fact that his young wife is working day and night trying to save it; hands are almost impossible to obtain.

Judge Price told Jones that he would suspend the remainder of the sentence for the time being, and what action he may take in the future will be governed entirely by the way in which Jones conducts himself in the future. The general impression seems to be that Jones has had a good lesson and that he will be found in no further trouble. Judge Price's course in the matter is being generally commended.

The jury which tried the Hoskins boys on charge of breach of the peace by throwing rocks at Robert Griffith and wife near White Hall, was unable to agree.

Late Friday, Ledford Faulkner was declared not guilty of a peace of the peace charge preferred by Dan Long Jr.

Gov. Black Goes To The Bat

Gov. Black showed them all a thing or two when he took the bull by the horns this week, and neatly lopped off Eli Brown's quarter interest in the Bingham inheritance suit fees. A lot of

people had been saying that the governor wouldn't do anything, but he showed them and he will show them some more any time that he finds that the taxpayers are getting the hot end of a deal. In this case, the Governor simply notified the other attorneys in the case that as Eli wasn't doing any work, and was a silent partner in the arrangement, he felt that Brown ought to be eliminated, and that they should take the case for three quarters original fee agreed upon, and the quarter which Brown was to get on the side, should stay in the state treasury. The governor said that unless this was done, he would take steps to cancel the

whole contract. The other attorneys, mightily quickly agreed that what the governor demanded was the best thing to do.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks."

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Thedford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Thedford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-137

Like this maiden, you will find them smiling, willing workers, with a sincere interest in the work that is theirs.

Essentially human, healthy, clean in mind and body they are, for they spend their working hours in a plant that is airy sanitary and bright with sunshine.

These are the people who do your washing for you, when you give your bundle to our driver.

Make our employees your allies—they will make Mondays pleasanter for you.

We will do your washing, leaving the ironing of the smaller pieces to you, or we will deliver your bundle finished and perfect in every ruffle, according to your desires.

BASE BALL AVERAGES

(By Associated Press)
Chicago, August 30—Ed Roush, one of the batting stars in Cincinnati's pennant drive, is flirting with the batting championship of the National League. Unofficial averages released today show the hard hitting Red's outfielder tied for second place with an average of .326 with "Gavvy" Cravath, manager of the Philadelphia club, topping the league hitters with .340.

Bagging eleven safe blows in his seven games boosted Roush from third place to a second place tie with Jim Thorpe of Boston. Three of Roush's hits went for two bases, while one was a three bagger. With the close of the race a month away, critics agree that the Cincinnati star has an excellent chance to pass Cravath in the final sprint. Cravath, however, is in possession of home run hitting honors with 11. Other leading National league batters for 40 or more games: Meusel, Philadelphia, .317; Groh, Cincinnati, .313; Stock, St. Louis, .306; Doyle, New York, .304; Young, New York, .302; Hornby, St. Louis, .301; McHenry, St. Louis, .301.

With the close of the season a month away, Ty Cobb is in no apparent danger of being dethroned as the champion batter of the American league. The Detroit star is safely in the lead with an average of .380. Veach, Cobb's teammate, is in second place with .356. Eddie Collins, the Chicago second baseman, is pressing George Sisler, of St. Louis for honors in base stealing, Sisler with 26 having a margin of two. Harry Hooper of Boston is next in line with 23, while Johnston of Cleveland has 22 and Cobb 21. Other leading American league batters for 40 or more games: Jackson, Chicago, .347; Sisler, St. Louis, .347; Jacobson, St. Louis, .340; Pockinpaugh, New York, .329; Fewsters New York, .322; Heilman, Detroit, .321; Gardil, Chicago, .320; Ruth, Boston, .318.

Henrdyx of Louisville is clinging to the batters lead of the American Association with an average of .350 with Becker of Kansas City trailing him in second place with .341.
